Persevering Together

NORTHWEST RENAL DIETITIANS (NWRD) - 2023 ANNUAL CONFERENCE

LIVE In-Person Event

March 2+3, 2023

Olympia Hotel at Capitol Lake - Olympia, WA

August 29, 2022

HELLO FRIENDS OF NWRD!

We are excited to announce the NWRD Board of Directors has approved an in-person conference for 2023! We'll be coming together *live, in-person* for the first time since 2020 in the beautiful city of **Olympia, Washington**.

This year's co-chairs Becky Seltmann and Amy Myrtue Nelson have an excellent program for 2023 NWRD, leading with the theme "**Persevering Together**." Reflecting on the past couple years, it's impressive the amount of change we've all endured in our individual lives, our professional community, and globally. More importantly than ever, NWRD is forging ahead with our mission of shared learning through our annual conference for renal dietitians.

The planning team took helpful feedback from last year's evaluations into consideration while designing the 2023 program. You can plan on hearing updates about diabetes, a talk on taste alterations in CKD, and a presentation on reigniting passion. Having a keen interest in the unique way spices are used to bring flavor to food, Becky chose Asian Indian cuisine as the cultural focus of the conference. We'll immerse ourselves in the rich culture of India, as well as explore the beautiful city of Olympia.

Most importantly, we'll have an opportunity to network in-person again with this amazing group of renal dietitians. Thank you for your support in NWRD – we are "Persevering Together."

Pin the dates on your calendar for **March 2+3, 2023**.
